USEFUL INFORMATION

VISAS – IMPORTANT INFORMATION

Citizens of 38 countries are eligible for visa-free entry into the United States under the Visa Waiver Program (VWP). Generally, a citizen of a foreign country who wishes to enter the United States must first obtain a visa. Visitor visas are visas for persons who want to enter the United States temporarily for tourism, sport, pleasure or visiting (visa category B-2), There are several steps to apply for a visa and you may need several weeks to obtain your visa. Nobody can guarantee that you will be issued a visa. Review the instructions available on the website

of the embassy or consulate where you will apply to learn more about the whole procedure, required documents and fee payment. Do not make final travel plans or buy tickets until you have a visa. If you have a valid visa in your expired passport, you may use your valid visa in your expired passport along with a new valid passport for travel and admission to the United States.

ELECTRICAL CURRENT

The electrical outlets are 120 V, 60 Hz. Plugs and sockets type A and B (same as in Canada, Mexico, Japan, Venezuela, Colombia, Ecuador, most of the CAC countries). If the standard voltage in your country is in the range of 220V - 240V (as in the UK, Europe, Asia, Africa and Australia), you certainly need a power converter in the United States of America. To be sure, check the label on the appliance. If it states 'INPUT: 100-240V, 50/60 Hz', it can be used in all countries of the world (like chargers for tablets/laptops, photo cameras, cell phones, toothbrushes). If not, it is not advised to use your appliances, but you can try at your own risk.

TIME DIFFERENCE

The local time in Columbus, Ohio, is UTC/GMT - 5 hours (same as in New York City and Miami).

CLIMATE

During the months of February/March the daily mean temperature is 4.8°C (40.6oF), percentage of possible sunshine 43%. Rain or snow may be expected.
